Company Profile

Ammarian Industry (Pvt) Ltd was established in 1989 and has been producing high quality Grey Iron and Spheroidal Graphite Iron (SGI) casting automotive products for the Original Equipment Manufacturers (OEMs) in Pakistan and After Markets globally.

Specializing in Automotive Water Pumps since more than 2 decades, Ammarian has regularly updated its manufacturing facilities and implemented the latest advances in technology in order to supply superior quality products to its customers. Ammarian works closely with its customers and turn their concepts into finished components.

Foundry

Ammarian has been producing high quality Grey iron and Spheroidal Grey Iron (SGI) castings for automotive industry. We have a capability of producing parts ranging from 1 Kg to 100 Kg with the annual capacity of 5,000 tons/year.

Ammarian's foundry shop is equipped with the following facilities

- High Frequency Induction Furnace (500 Kg/hr)
- Cupola Furnace (1500 Kg/hr)
- Moulding Machines
- Shot Blast Machines
- Co2, Green Sand & Molasses Sand Process
- Metallurgical lab for quality inspection

Machining

In order to ensure the highest quality of the product to our customers, we have got a highly skilled workforce and latest machinery. In addition, we constantly invest in new technologies over time to keep the highest level of quality. Our inspection teams assure that the production cycle is as much optimized as possible to keep the production time low and they check the quality at various stages of production by using in-house inspection tools.

Our Machinery shop is equipped with the following facilities

- ◆ CNC machining Centres
- ◆ CNC Turning Centres
- ◆ Capstan Lathes
- ◆ Milling Machines
- ◆ Grinding Machines
- ◆ Dedicated room for developing jigs, fixtures, gauges and patterns for new parts

Quality Policy

At Ammarian, the first priority is to supply superior quality products to its customers. It aims at perfection to achieve the satisfaction of its worthy clients. It comprehends the needs and passes through a continuous process of improvement to keep pace with the modern market standards.

The quality control team at Ammarian inspects during the various stages of manufacturing process to ensure the highest quality final product. Each product is batch marked for traceability in case a defect occurs. Rigorous inspection also occurs at critical phases of the production process to ascertain the highest levels of quality.

Ammarian has the following testing equipment to ensure the highest quality for its customers.

- ◆ Rockwell & Brinell Hardness Testing Machines
- ◆ Ultimate Tensile Strength Machine (UTS)
- ◆ CE Meter
- ◆ Metallurgical Microscope
- ◆ Sand Testing Equipment

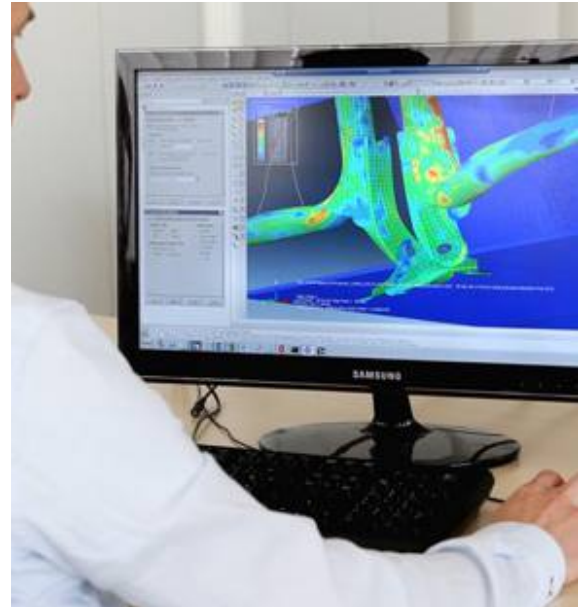

R&D

Our dedicated and specialized staff at the Research and Development department ensures that Ammarian keeps pace with the market standards and innovation in the product design. It keeps on updating technologies and finds ways to optimize production processes. In addition, the development of new parts from customers' drawings to prototype is done in this department.

Values

Ammarian does not only keep customers' needs in mind but also the values associated with satisfying those needs. Some of the prominent values that are practiced at Ammarian are as follows:

- ◆ Preserve health, safety and environment
- ◆ Act with dignity, integrity and respect
- ◆ Drive innovation with ingenuity and resilience
- ◆ Take ownership for actions, hold ourselves accountable
- ◆ Enhance knowledge through global teamwork
- ◆ Work hard, keep our sense of humor and have fun!

Products

Water Pump Assy C/W Pulley

OEM # 41312992

Fits: Massey Ferguson 240

Water Pump Assy C/W Double Groove Pulley

OEM # UR530141

Fits: Ursus

Water Pump Assy

OEM # 3637468M91, 3638998M91

Fits: Massey Ferguson 375/390

Water Pump Assy

OEM # 4131A057

Fits: Massey Ferguson 385

Water Pump Assy

OEM # 3637411M91, 4131A013

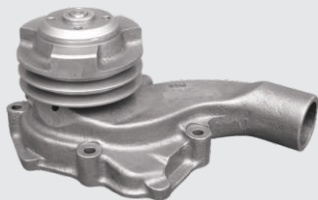

Fit: Massey Ferguson 265

Water Pump Assembly

OEM # 4769032, 4679242, 93191101

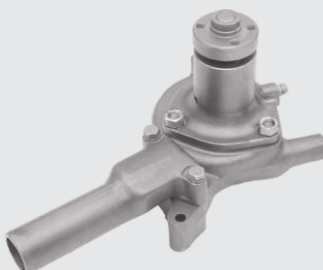

Fits: Fiat/NH 480/640

Water Pump Assy

OEM # 7182777, 2701605, 2712239 & 9962669

Fits: Bedford

Water Pump Assy

Fits: Shanghai China

Front Wheel Hub

OEM # 886336M1

Fits: Massey Ferguson 240

Front Wheel Hub

OEM # 898348M3

Fits: Massey Ferguson 375/385

Exhaust Manifold

OEM # 3778H074

Fits: Massey Ferguson 375/385

Exhaust Manifold

OEM # 37781341

Fits: Massey Ferguson 240

Exhaust Manifold

OEM # 37781321

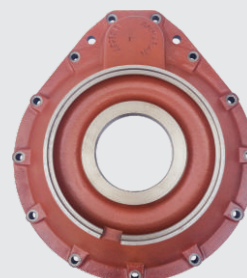

Fits: Massey Ferguson 265

Exhaust Manifold Old Model

OEM # 37781571

Fits: Massey Ferguson 240

Cover Rear Axle

OEM # 5132537

Fits: Fiat/NH 480

Cover Rear Housing

OEM # 596119, 5103051, 5086591

Fits: Fiat/NH 480/640

Retainer

OEM # 1693837M2

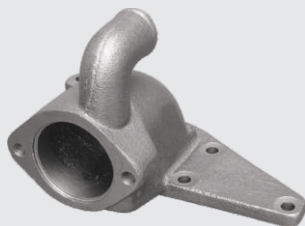

Fits: Massey Ferguson 385

Retainer Main drive

OEM # 1693837M2

Fits: Massey Ferguson 240

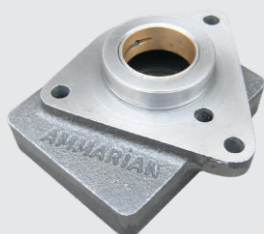

Thermostat Housing
OEM # 746835M1, 37766363
Fits: Massey Ferguson 240

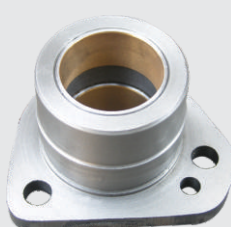

Support Assembly
OEM # 4768892
Fits: Fiat/NH 480/640

Water Pump Support
OEM # 4768670
Fits: Fiat/NH 480/640

Support Assembly
OEM # 4768651
Fits: Fiat/NH 480/640

Support Assembly
OEM # 4768852
Fits: Fiat/NH 480/640

Lift Rod Assembly R/H
OEM # 5104415
Fits: Fiat/NH 480

Lift Rod L/H
OEM # 5104692
Fits: Fiat/NH 480

Lift Rod Assembly R/H
OEM # 4999165
Fits: Fiat/NH 640

Lift Rod L/H
OEM # 4999167
Fits: Fiat/NH 640

Leveling Box Assembly R/H
OEM # 1663855M91
Fits: Massey Ferguson 260/375

Lift Rod L/H
OEM # 1663845M91
Fits: Massey Ferguson 260/375

Leveling Box Assembly R/H
OEM # 1660373M92, 1663853M91, 897678M93
Fits: Massey Ferguson 240

Lift Rod L/H

OEM # 1660372M91, 1663843M91

Fits: Massey Ferguson 240

Leveling Box Assembly R/H

OEM # 1660438M92

Fits: Massey Ferguson 265

Lift Rod L/H

OEM # 1863888M91

Fits: Massey Ferguson 265
